RE: 1989 ANNUAL REPORT - PERMIT NUMBER M/045/003

Dear Mr. Braxton:

Attached please find our Form MR-AR Annual Report of Mining Operations.

During this reporting period, all mining activity was again accomplished within the boundaries of acreage already disturbed. Approximately one half acre of ground was disturbed next to the existing quarry with the implementation of revegetation test plots. This work was completed by October 26, 1989. To work with the D.O.G.M., the location of these test plots was determined in cooperation with D. Wayne Hedberg and Holland Sheperd of your office in February 1989.

If additional information is required, please feel free to contact me or my Assistant, Philip N. Raines, at anytime.

Sincerely,

MARBLEHEAD LIME COMPANY

Eugene J. Penman
Vice President of Operations
